A Statement from President Donald J. Trump

"We had a very meaningful meeting in the White House today. Much was learned that could never be understood without conversation under such fire and pressure. It's amazing what comes out through emotion, and I have determined that President Zelenskyy is not ready for Peace if America is involved,

Office. He can come back when he is ready for Peace."

Today, President Emmanuel Macron of France joined me in the Oval Office to speak to the G7 Summit. The meeting was convened by Governor Justin Trudeau of Canada, the current chair of G7, to acknowledge the Third Anniversary of the Russia-Ukraine War – Which would have never started if I was President. Everyone expressed their goal of seeing the War end, and I emphasized the importance of the vital "Critical Minerals and Rare-Earths Deal" between the United States and Ukraine, which we hope will be signed very soon! This deal, which is an "Economic Partnership," will ensure the American people recoup the Tens of Billions of Dollars and Military Equipment sent to Ukraine, while also helping Ukraine's economy grow as this Brutal and Savage War comes to an end. At the same time, I am in serious discussions with President Vladimir Putin of Russia concerning the ending of the War, and also major Economic Development transactions which will take place between the United States and Russia. Talks are proceeding very well!
